

BRENTWOOD ART CENTER

7/2/19

Tuesday

5-6 years

Instructor: Jackie Glosman

Today's Project: Monet Waterlilies (with frog!)

Historical Context/Artistic Inspiration: Monet, Impressionist painting.

Technique: painting (wet-on-wet), sculpting, use of small visible brush strokes to evoke light and feeling.

Summary: Today students focused on observing the subtle color differences in water and emphasis was placed on representing light and dark (and the changing qualities of light/color) of the natural environment. Students also got the opportunity to use their imagination to create their own unique frog in 3D form.
